Experience

April 2024 To Present | Teqheal Solution

Role: Angular Developer / Front End Developer

Current working at Teqheal Solutions, I've served as a Front End Developer specializing in Angular and React JS. I've also undergone extensive training in MongoDB and Node.js, augmenting my skills towards Full Stack Development. This journey has equipped me to contribute effectively to banking projects, where I've focused on building dynamic and responsive user interfaces. Leveraging Angular, Bootstrap, JavaScript, and HTML/CSS, I've crafted elegant solutions to enhance user experience and drive business outcomes. Thriving in collaborative settings, my strong communication skills have facilitated seamless teamwork.

February 2022 To March 2024 | Freelancing

Role : React Js Developer / Front End Developer

Over a span of two months, I undertook a freelance project to design a website utilizing React.js with Vite and Google Firebase technologies. The website served as a marketing and introductory platform for a cutting-edge AI-driven solution called Mosaic AI . This innovative system provides intelligent clothing wearing suggestions based on advanced AI algorithms. My role involved crafting the entire website from conception to execution, showcasing the capabilities and benefits of Mosaic AI to potential users.

August 01, 2022 To 25 January 2024 | 7Tech It Service

Role : Angular Developer / Front End Developer

At 7Tech IT Service, I held the role of Front End Angular Developer, contributing to diverse projects like ERP systems, online school management, and dynamic websites. Specializing in Angular, Bootstrap, JavaScript, and HTML/CSS, I create responsive user interfaces. My focus is on delivering elegant solutions to enhance user experience and drive business results. Thriving in collaborative environments, I effectively communicate and stay updated with the latest technologies to ensure project excellence.

January , 2021 To March 2022 | Easy Inofline

Role : Technical Support Exescutive

Versatile professional with expertise in hardware and software management, optimization, troubleshooting, vendor liaison, and compliance.

SKILLS

Angular | Typescript | Javascript | Jquery | Bootstrap | Html | Css | Git

Projects

Maven HR Solution
